CONTRACT OPPORTUNITIES

Worldwide Expeditionary Multiple Award Contract 2.0

The **Naval Supply Systems Command's** potential **\$1.4 billion** Worldwide Expeditionary Multiple Award Contract 2.0 is intended to support the Geographic Combatant Command's joint operations, coalition partners and other federal agencies through a *variety of services*, some of which include:

- Base operations support
- Medical services
- Communications services
- Logistics services

Submarine Tethered Expendable Buoy

Through this upcoming contract, which has a potential value of **\$70 million** or more, the **Naval Sea Systems Command** will select a company to develop, integrate, test, produce and install the submarine-launched *Submarine Tethered Expendable Buoy* system, which will provide a submerged submarine with a surface buoy platform to support:

- Communications
- Situational awareness
- Collision avoidance data

Intelligence Exploitation and Targeting Systems

The **Naval Air Warfare Center Weapons Division** *plans to award* this potential **\$100-\$250 million** contract in quarter four of fiscal year 2024. This opportunity will cover:

- The development and fielding of intelligence exploitation and targeting systems
- Prototypes associated with future systems or the sustainment of existing systems
