

POTOMAC OFFICERS CLUB

2024 HOMELAND SECURITY SUMMIT

NOVEMBER 13, 2024

HOW CAN YOU GET INVOLVED IN DHS MISSIONS?

Today's homeland security landscape is one shaped by digitization, advanced technologies and a shifting geopolitical climate. To meet the challenges of this complex environment, the Department of Homeland Security has gone all-in on technology, partnerships and more.

The Potomac Officers Club's 2024 Homeland Security Summit will bring government and industry leaders together for a deep dive into DHS' top priorities. Keep reading to find out how your company can help DHS achieve key mission goals.

CONTRACT OPPORTUNITIES

The **Department of Homeland Security** wants to acquire **biometric capture devices** to enhance its identity verification capabilities through a contract with an expected value of over **\$100 million**. Requirement modalities for the devices include:

FACE

FINGERPRINTS

IRIS

EMERGING
MODALITIES

These technologies will be used by DHS agencies and other partners, such as the Departments of Defense, State and Justice as well as the FBI.

The **Transportation Security Administration** is currently accepting responses to a request for information associated with future **open architecture solutions**. Through the RFI, TSA hopes to:

Gain an understanding of commercial open architecture offerings.

Assess the viability of future open architecture requirements.

The RFI highlights three areas of focus to support these goals:

Common and accessible data formats and interfaces

System of systems implementation

Subsystem and component development

**RESPONSES DUE
SEPT. 2026**

DHS HQ and the **Cybersecurity and Infrastructure Security Agency** plan to jointly issue a contract valued between **\$20 million** and **\$50 million** to provide **cybersecurity and engineering** services across multiple domains for the Cybersecurity Division's Capacity Building Subdivision. Contract responsibilities will include:

Providing subject matter expert support

Addressing evolving cybersecurity challenges as requirements change

UNLOCK THESE BENEFITS AT POC EVENTS

"The membership at Potomac Officers Club has been phenomenal. It is a comprehensive opportunity to understand, to interact and to potentially shape where our country is going. I want to thank the founding members and those that lead the way."

Earl Stafford Jr.
CEO of Aperio Global

"[POC events] are able to bring out a lot of commentary that I don't see in other venues – it's at a higher level with an executive focus, and they do a great job of bringing those folks together time after time. They don't disappoint!"

Indira Rice Donegan
Chief Technology Evangelist at Red River

"We're a brand new start up in the federal IT space, and we really appreciate what the folks at Potomac Officers Club bring to an organization like us ... POC does a great job of bringing great speakers and a good opportunity to hear what the services are really looking for."

Dennis Boykin
Chief Operating Officer of Allant Federal
